STAINLESS STEEL KEYLOCK REMOVABLE BOLLARD

316 STAINLESS STEEL KEYLOCK REMOVABLE BOLLARD

This upmarket and good looking, Stainless Steel bollard not only adds value to the appearance of your building, but helps stop access to unauthorised traffic.

It is fitted with a quality 570 Oval lock and comes with two keys. Two yellow Class one reflective bands make it highly visible at night. Easy to unlock and remove from the ground sleeve and comes with a cap to cover the hole when the post is removed. It is made from 316 Marine Grade Stainless steel as protection against the harsh salt air.
