The Zephyr is so much more than just a bollard...

IT'S AN ARCHITECTURAL STATEMENT

Zephyr Architectural Bollard

Winner of the prestigious A'Design Platinum Award for Street Furniture in Como, Italy 2015, the Zephyr is equally at home as an architectural bollard or a designer bike rack. It was designed at our Geelong manufacturing facility and cast in Melbourne from Australian sourced aluminium.

PART No.	A	B	C	KG	FINISH
BZ-POL	845	224	394	18	Polished alloy
